# The Team

## **Nasser Al Salmi**

Co-Founder & Explorer

Nasser is also from the Oil & Gas industry with over a decade of technical supervision experience. He believes that through travel, we all embark on our own journey, discovery, learning, and growth and that doing so unleashes our creativity, cultivates our curiosity, and invites us to live healthier, more intentional, and more courageous lives.

## **Khalid Al Barwani**

Co-Founder & Explorer

A qualified Oil & Gas industry service leader, Khalid is an avid traveler with an impressive history of challenging adventures. He firmly believes that travelling and exploring countries has the power to incite change by breaking down walls within us and between us.

A person is standing on a rocky ledge, looking out over a large waterfall cascading down a cliff. The scene is set in a lush, green forest. The waterfall is the central focus, with water splashing and creating mist. The person is in the foreground, looking towards the waterfall. The overall atmosphere is serene and adventurous.

The Dream Team aims to inspire people from all backgrounds to experience the thrill of **exploring**, to test themselves in different environments and to push their limits. We want to **help** people develop their skills, experiences and depth of character through exposure to challenging, exciting and **inspiring** explorations.

We welcome corporate or individual sponsorship towards funding of our trips/events alongside raising money and awareness for our **charitable** work too.
